

Compass Education Newsletter - May 21st 2018

Dear Compass Community,

We are excited to announce we will be now sending fortnightly Compass Newsletters. This week, we will be focusing on privacy, security and updates to regulations within Europe.

Updated Privacy and Cookie Policy

We are updating our Privacy Policy to reflect changes we've made to strengthen your school and user privacy. This is part of our ongoing commitment to be transparent about how we use data and keep it safe. This update also includes changes to address the new standards introduced by the European data protection law known as the General Data Protection Regulation (GDPR).

Highlights of what is new

- We have updated our privacy policy to be easier to read and provide additional clarity on how we manage and protect data.
- We have provided clarity on how and where we store data. We remain committed to storing data onshore, on designated and secure Compass servers.
- We have provided increased transparency around the different purposes for which we use your personal information.
- We have created a Cookie policy, which explains how the Compass platform uses cookies for authentication and navigation.
- We have clearly differentiated the role of the data controller and data processor
- We have updated the policy to meet new EU requirements for EU schools and residents.

These new policies are available from the 'website policies' link at the bottom right of each page or by [clicking here](#).

Did you know?

You have the ability to enable Two Factor Authentication in Compass!

This will require your users to confirm their identity via SMS or Email when logging into your school's portal.

To enable this feature, simply navigate to the "[Security Settings](#)" page in Administration tools.

You also have the ability to whitelist your school's internal network so that staff are not required to 2FA when accessing Compass from within the school.

If you have any further questions in regards to our updated privacy policy or enabling Two Factor Authentication, please do not hesitate to contact us by emailing support@compass.edu.au.

Kind regards,
The Compass Team
