SWPBS

Don't forget, as part of School Wide Positive Behaviour Support (SWPBS), staff acknowledge when students are behaving positively at school. Even though we are learning remotely this term, students are still able to earn acknowledgement points for their behaviour. This could include; completing their online attendance each day, submitting work on time and to a high standard, keeping in contact with their teachers, attending Webex sessions and helping out others. Each week students, who have earned SWPBS acknowledgement points, will go into the draw to win a prize. The more points they receive, the greater their chances of winning are.

CONGRATULATIONS TO THIS WEEK'S WINNERS.

WHAT'S WORKING

As part of their study about ancient Egypt, Year 7 students in Ms Samuels class had an activity to make a sarcophagus. A sarcophagus is a box-like funeral receptacle for a corpse, most commonly carved in stone, and usually displayed above ground, though it may also be buried. Good work everyone!

Kyara K. in 7D has sent a photo of her sarcophagus.

Alex D in 7A has been mummifying a tomato for his Ancient Egypt studies.

This week, our Year 12 students had something special delivered to their homes to show them how much we care. We recognise the tough year that 2020 has been so far, particularly for our Year 12s.

Thanks to those students who sent in photos, we'd love to see some more!
